**Pivot Handle Clamps: GZ Series**

# Pivot Handle Clamps: GZ Series

- ❑ 2K ergonomic handle can be swiveled 90° for tightening and rotated 360° to access tight work areas
- ❑ Manufactured in Germany with uncompromising quality and patented protected features
- ❑ 1100 lbs of clamping force
- ❑ 5 clamping capacities (10,12,16,20 & 24") with 4-3/4 Inch throat depth

# Pivot Handle Clamps: GZ Series

## ❑ Pivot style 2K handle

- Fold handle 90° for extra leverage and tightening
- Access challenging spaces by rotating handle 360°

## ❑ Patented rail profile

- Forged from single piece of steel for greater stability
- 20% more clamping force per spindle turn
- Quicker set-up times

## ❑ Hardened Spindle

- Heat-treated, high carbon acme threaded spindle manufactured for high load capacity, durability and spatter resistance

## ❑ Drop forged sliding arm

- Transfers clamping force evenly across the surface of the clamp to improve power transmission
- Longer tool life
